## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-28 are allowed.

### ***Reasons for Allowance***

2. The following is an examiner's statement of reasons for allowance:

The references of record do not teach either singularly or in combination at least the limitations "a first ceramic substrate and a second ceramic substrate and at least one solid state device located there between, each solid state device comprising a body having a coefficient of thermal expansion and a plurality of conductive contacts on a surface of the body facing the second ceramic substrate", "a conductive pad covering the lower side; and one conductive pad connected to each of the solid state devices packaged, each conductive pad being bonded to the upper side of the body and connected to the solid state device with which it is associated, each pad being separated from other metal pads by a distance sufficient to prevent breakdown" and a second substrate comprising "a plurality of conductive pads bonded to the lower side of the body, at least one pad for each contact on the solid state devices, facing the solid state devices and connected to the conductive contacts of the solid state device", and "a strip line comprising an insulating body, a first conductive strip and a second conductive strip, the first conductive strip being connected to a conductive pad on the first ceramic substrate or the second ceramic substrate, and the second conductive strip

being connected to a different conductive pad on the first ceramic substrate or the second ceramic substrate" in an encapsulated solid state assembly and a method of making such assembly wherein the coefficients of thermal expansion of the first substrate, the second substrate and the encapsulant are matched to that of at least one solid state device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
